

```
import random
while(True):
    temp=random.randint(12,88)
    humid=random.randint(12,88)
    print("current temperature:",temp)
    print("current humidity:",humid,"%")
    temp_ref=37
    humid_ref=35
    if temp>temp_ref and humid<humid_ref:
        print("Sound alarm")
    else:
        print("Sound off")
    Break
```

A screenshot of a terminal window with a black background and white text. The output shows the program's execution results for a specific iteration. The first three lines are "current temperature: 28", "current humidity: 16 %", and "Sound off". Below these, there is a green-colored message: "...Program finished with exit code 0" followed by "Press ENTER to exit console." in white. The terminal window has a standard Linux-style title bar at the top with icons for window control.

```
current temperature: 28
current humidity: 16 %
Sound off

...Program finished with exit code 0
Press ENTER to exit console.
```
